WO-2026-0388

| | |
|---|---|
| Date | 6 October 2026 |
| Registration | CN-TFC |
| Aircraft | Cessna 172S |
| Serial number | 172S11290 |
| Airframe total time at completion (h) | 6,184.9 |

Work performed

Customer request: inspect muffler for cracks after a carbon monoxide detector alert in flight.

Muffler AWI P/N A1754001-23, S/N 34729. Not among the serial numbers listed in AD 2018-02-04, figure 1. Inspected the weld of the muffler body to the cuff following the method of AD 2018-02-04 paragraph (g)(1) anyway: no cracks, no broken welds.

Replaced the carbon monoxide detector card (expired). Cabin heat checked on ground run.

Performed by: Y. Alaoui alaoui

Approved for return to service: K. Bennani bennani
