Field	Value
Date completed	2 September 2024
Registration	CN-TFD
Aircraft	Cessna 172R
Serial number	17281201
Airframe total time at completion (h)	9,499.2
Station	Casablanca

Request

100-hour inspection.

Work performed

1. 100-hour inspection per 14 CFR 91.409(b), using the Cessna 172 inspection checklist.

2. Changed engine oil and filter. Compression check, cylinders 1 to 4: 74/80, 72/80, 70/80, 72/80.

3. Discrepancy: Elevator trim tab free play at the limit. Corrective action: Replaced trim tab actuator rod end bearings; free play within limits.

4. No discrepancies found. Aircraft found airworthy.

Parts used

Part number	Description	Quantity	Serial number
CH48110-1	Oil filter	1	

Certification: the work above was performed in accordance with 14 CFR Part 43 and the procedures manual. The aircraft is airworthy for the work performed.

Performed by: N. Berrada

Return to service: K. Bennani, licence MA-B1-0212
