Request

Annual inspection.

Work performed

1. Annual inspection per 14 CFR 91.409(a) and the scope and detail of 14 CFR Part 43 Appendix D, using the Cessna 172 inspection checklist.

2. ELT inspected per 14 CFR 91.207(d): installation, battery date, operation, and radiated signal.

3. Changed engine oil and filter. Compression check, cylinders 1 to 4: 78/80, 74/80, 75/80, 75/80.

4. Discrepancy: Spark plugs eroded. Corrective action: Cleaned, gapped, and rotated all eight spark plugs.

5. Aircraft found airworthy after correction of the discrepancies listed.

Parts used

Part number	Description	Quantity	Serial number
CH48110-1	Oil filter	1	

Certification: the work above was performed in accordance with 14 CFR Part 43 and the procedures manual. The aircraft is airworthy for the work performed.

Performed by: Y. Alaoui
